Mermaid[™]
Crafted shower and wall panels

We believe we have created products that are a choice not a compromise. Shower panels, splashbacks and flooring that fulfil all the requirements of tiles but with none of the stress and our new wall and ceiling panels ensure that you can quickly and simply clad any wall.

Products so versatile they will fit beautifully into any room, whatever your chosen style, leaving you able to design and create your ideal space...

Our shower panel range is split between bespoke ranges Ceramic and Glass, and our Acrylic and Laminate shower panels which are both sold as sheets and kits.

Please give us a call for further information on our bespoke ranges or turn the page for price and decor guides for Ceramic, Acrylic or Laminate, plus our new Flooring collection.

Flooring

Our stunning new waterproof flooring system requires no grout, can be cut on site and requires no specialist fitter. We've designed it to be perfect for both kitchens and bathrooms creating a warm comfortable surface perfect for bare feet.

Flooring Price List

Tile sizes: 305 x 605mm x 5mm	Tile pack size: 10 Tiles (1.845m ²)	Tile pack price: £91.06
Plank sizes: 146 x 1218mm x 5mm	Plank pack size: 11 Planks (1.956m ²)	Plank pack price: £91.06

Installation

Effortless installation allows DIY'ers to complete the job quickly and easily using only a Stanley knife. No specialist tools or skills are required.

No Underlay

There are not only cost savings, due to no underlay being required, but also time savings during installation.

Designed to Last

The Emilia flooring range will never contract, expand, change colour or deteriorate in any way at the contact of water! It is 100% Waterproof! The combination of its waterproof structure and its extra tight lock, which seals out water for 24h leaving time for spills to dry out or wipe clean, makes it a perfect choice for both bathrooms and kitchens. Ideal for kids, pets and a lot of life...

Our Philosophy

Saving

That's the long and short of it - on average it'll be 25% cheaper than installing tiles, and generally it'll be even lower than that still. This is mainly because Mermaid panels and flooring do not require a specialist tiler. In addition to this Mermaid products last much longer than tiles, further saving on the full life cost.

Easy to Clean

We're fed up of grout, it takes a long time to apply, it's a nightmare to clean and after a while it just goes mouldy. There's no grout used with the majority of our products, so that means no more mould. Even our new ceramic system comes supplied with colour coordinated silicones which unlike standard grout - will not go mouldy.

Extra Time

Mermaid panels are so much quicker to fit than tiles that it'll save you money and the effort of getting someone in for long periods of time. We don't have anything against tilers though, so if you do want to use one, you can, it just won't take them as long to fit the Mermaid system as it would a wall of tiles.

What Makes a Mermaid Shower System?

Bespoke Panels

Both our top of the range Stone panels and our Glass panels are available in bespoke sizes specific for your chosen layout.

Set-Sized Panels

Our Ceramic, Acrylic and Laminate Shower Panels all come in a range of set sizes. These can all be cut down and adjusted on site, making fitting quicker and easier.

Profiles

These both ensure our system is fully waterproof and act as a fantastic decorative finish. Each of our ranges has a different selection of profiles specific for the material and colour.

Clean & Safe

Mermaid panels are easy to keep clean with a simple wipe of a cloth and standard bathroom cleaner. A squeegee designed to specifically clean our panels is included with all our laminate kits.

Antibacterial

A selection of our shower panels are now available in our patented **Mermaid Antibacterial Coating**. This is incorporated into the panel during the production process and means once bacteria comes into contact with the surface the bacteria basically die. Look out on the colours pages to see which panels are available.

Environmental

Core materials are all taken from PEFC (Program for the Endorsement of Forest Certification) and FSC (Forest Stewardship Council) accredited sources. When buying it is 100% assured that you are not contributing to the destruction of the world's forest. The accreditation also ensures the appropriate ethical approach to political, economic, social, environmental and global warming factors.

Flexible Adhesive

Our adhesive is used to fix the shower panel to the wall. It produces bonds that remain flexible even after curing and resist chemicals including water.

Waterproof Silicone

Mermaid silicone is mould, steam and water resistant and easy to apply. Using silicone as a final finish will ensure your system remains waterproof throughout the panels lifetime.

Flooring

Our Flooring is designed to integrate with our Panel systems perfectly and is available in a range of designs and decors, that will be perfect for any bathroom.

About us

History

We've been designing and producing our shower and wall panels from our base in the North of England for the last 30 years.

In that time there have been many changes, but we've always been about one thing - panels. We've been the market leader and various innovations over the years have kept us there. Now it's our Ceramic panels which keep us at the top, but we won't rest on our laurels - we'll be updating our product range to keep us ahead of the game.

You can follow us on twitter and facebook to be first in line to know what we are up to. Links can be found on our website: www.mermaidpanels.com

Disclaimers

All colours are representative - we recommend you ring for a sample before ordering.

Although most Mermaid panels can be fitted by any competent tradesperson, for our most technically advanced products such as Ceramic and Glass, we recommend a professional fitter completes a survey and installs.

For 15 year guarantee information please visit: www.mermaidpanels.com

Made in the UK, used worldwide

Although all of our products are designed and manufactured here in the UK, we supply our shower panels across Europe, America and beyond.

Give us a call on +44 1472 279940 for more information if you are outside the UK.

15
year

Watertight Guarantee
